

WINES OF LANGHE AND ROERO

Langhe DOC Chardonnay

Our Langhe Chardonnay is produced from a small plot located right in front of the winery, in the Annunziata area in La Morra. An enduring vineyard, planted by Mauro in the early 1990s, this produces wine of excellent aging potential and possesses an elegant style, from which we get a limited number of bottles each year.

This is the realization of our desire of producing a structured and complex white wine that is suitable for a long ageing like the important reds from Piedmont.

Grape varietal: Chardonnay

Soil: calcareous, sandy

Harvest time: early September

Vinification: alcoholic fermentation in steel tanks, malolactic fermentation and ageing in French oak tonneaux and in a concrete egg

In the glass: it presents itself as a fine smelling wine with hints of grapefruit, banana and ripe apple. A mineral and elegant wine, with good persistence and body
